Price: \$ 7, 995.00

come with a battery 70km / hrs

Product Code: 54RI 045 9010

Retro intelligence (Ri) means: smart technology with a timeless look. With a range of up to 150 km, your Kumpan sets you no limits. The extra-large touch display shows speed, consumption and range at a glance. The heart of your Kumpan is our Kraftpaket 2.0 - the optimized Kumpan battery, which makes your companion the electric scooter with the longest range.

German engineering meets style

Smart technology

The innovative 7-inch touch display offers a perfect overview of speed, consumption and range. And the keyless start and push-to-open technology offer you smart driving pleasure: Your key stays in your pocket and the Kumpan driving pleasure starts at the push of a button.

Your Kraftpaket 2.0 simply slots into the battery compartment - without complicated insertion. It automatically connects to your 1954 Ri. There is room for up to 3 Kraftpaket - with the power to take you wherever you want to go.

Two wheels. One comfort zone.

The 1954 Ri shines with well thought out and comfortable details: An additional compartment with cup holder, coin storage and enough space for essentials ensures that you arrive at your destination relaxed.

Kraftpaket 2.0

The heart of your Kumpan 1954 Ri is the Kraftpaket 2.0 - the best version of our battery. With optimised range and easy handling, you'll ride to the end of the world.

Easy handling

No complicated wiring and installation: simply plug the Kraftpaket 2.0 into the battery compartment provided. The battery connects directly to your scooter.

Highest level of safety

We pay attention to highest safety and longevity in development and use. Making sure that you remain carefree and permanently mobile with your Kraftpaket 2.0.

Smart and powerful

Our specially developed Kraftpaket with powerful LG cells guarantees a ride with up to 7 KW motor power and a range of over 186 km at 45 km/h.
